User Access Request & Role Matrix

DATE October 1, 2026
PREPARED BY Northlake University

Provided by: Northlake University HR & IT, with department input. Synthetic/ illustrative. This lists who needs access to the new system and what each person needs to do, in business terms. Please map these to the appropriate system roles and confirm back.

Access principles

- Access is by **role within a property**, granted through groups — not to individuals directly.
- **Separation of duties:** the person who **enters** a bill is not the person who **approves** it. Approvals require elevated authority.
- **Read-only** roles (reports, audit, support) must not be able to change data.
- One former employee (Casey Holt) is included intentionally as a **disabled** account that must not be able to sign in.
- One internal auditor (Quinn Roberts) needs **read-only visibility across all properties**.
- Ridgeline Wind staff work **only on the Ridgeline site**, and the university's wind researchers may **read** the Ridgeline site, which belongs to the Thermal Plant, but nothing else of the plant and no bills.

Core users (≈23)

Name	Title	Property	Needs to…
Samantha Ireland	Director of Campus Operations	Northlake University	Administer the company; view all reports
Jordan Hale	Facilities Systems Manager	Northlake University	Set up hierarchy, meters; view config
Priya Nandakumar	Energy Finance Lead	Northlake University	Set up utilities & rates; import bills
Nora Chen	Utility Bill Import Specialist	Northlake University (+ Cedar Row)	Import bill files across properties
Iris Morales	Utility Bill Entry Clerk	Northlake University	Enter/correct bills (no approval)
Leo Martinez	Sustainability Analyst	Northlake University	View sustainability & usage reports
Emerson Fox	Campus Data Administrator	Northlake University	Manage company data; DB admin
Quinn Roberts	Internal Audit Reviewer	All properties	Read-only audit across companies
Keiko Tan	Thermal Allocation Accountant	Univ. + Thermal Plant	Manage allocation rates; view bills

Name	Title	Property	Needs to…
Dana Okafor	Science Center Building Coordinator	Northlake University	View reports for **Science Center only**
Casey Holt	Former Bill Entry Clerk	Northlake University	**Disabled** — must not sign in
Maya Chen	Cedar Row Property Manager	Cedar Row	Administer Cedar Row; view reports
Marcus Reed	Accounts Coordinator	Cedar Row	Enter Cedar Row bills
Valerie Kim	Housing Operations Analyst	Cedar Row	Set up housing hierarchy; view reports
Devon Brooks	Thermal Plant Manager	Thermal Plant	Administer plant; operate; view reports
Riley Santos	Thermal Plant Operator	Thermal Plant	Operate plant meters; view reports
Avery Singh	EEM Database Administrator	Implementation/Support	System DB admin
Morgan Patel	Implementation Consultant	Implementation/Support	App setup validation
Taylor Bennett	Support Analyst	Implementation/Support	Read-only support
Mateo Alvarez	Ridgeline Wind Site Manager	Thermal Plant (Ridgeline)	Maintain turbine meters and points, watch turbine alarms; view plant reports
Renee Castillo	Wind Turbine Technician	Thermal Plant (Ridgeline)	Maintain turbine meters and points on the **Ridgeline site only**
Elena Vasquez	Wind Energy Research Lab Director	Northlake University	**Read** the Ridgeline site's data and analysis reports; no bills
Kai Nakamura	Graduate Research Assistant	Northlake University	Same as Elena Vasquez

Note: Dana Okafor demonstrates **building-level access** — she should see only Science Center, not the rest of campus. Quinn Roberts demonstrates **cross- property read-only** access. Mateo Alvarez and Renee Castillo can change data, but only on one site. Elena Vasquez and Kai Nakamura combine the two: university staff reading one site that belongs to another company.

Scheduled-report recipients (≈120)

Beyond the core users, about **120 building representatives** across departments should **receive scheduled reports** (a monthly building energy report) but do not need to log in and configure anything. Please set these up as report-delivery recipient **groups** (roughly a dozen groups of ~10) rather than individual configuration. A roster will be provided; for now treat them as report-recipient-only.

Open items

- Confirm final group membership and any additional building coordinators.
- Confirm email aliases for delivery.
- Confirm the building-representative roster (the ~120 recipients).
