Meter exchange recorded August 15, 2024. Old meter SYN-VED-M-0040003 was read for the last time on August 14 and removed; new meter SYN-VED-M-0040103 was installed and registered on August 15. One bill covers the whole cycle with the two read periods back to back, so no usage is counted twice. Energy adds both meters' kWh in each time-of-use period, and billing demand is the higher of the two meters' readings.
